Halloween "Jack-o-Lantern"

Assembly Instructions

Thank you for downloading this paper craft model of "Jack-o-Lantern".By matching the named and numbered parts in the instructions, You and your family can complete a paper craft model of a unique "Jack-o-Lantern."

- Assembly instructions: Three A4-sized sheets
- Paper craft: Two A4-sized sheets with 6 parts in all

These instructions apply only to the "Jack-o-Lantern".

These Paper Craft parts are easier to work with when printed out on strong, thick paper (like postcard stock).

*In creating these Paper Craft models we use 135kg Kent paper stock (0.18mm).

1 To begin

■ Tools and materials needed

- Ruler - Scissors - Blade cutter or "Exacto-knife" - Awl or other pointed tool (for making a folding crease)
- Felt pen - Pin set - Glue - Hand towel

■ Items of Caution

- * Take care when using sharp or pointed objects. When using bladed cutting tools, place a heavy sheet of paper under the paper you want to cut.
- * Use glue and other adhesives only in well-ventilated areas.
- * When printing, use a slightly reduced font size as there may be differences in dimensions depending on the type of printer used.

2 How to assemble

■ Cutting technique

- Follow carefully with the following working method and markings.
- Cut carefully along the outline with a cutting blade, Exacto-knife or scissors.

One - point Advice

- Use caution when using a blade cutter.
- For folding parts, first use an awl or other pointed tool to make a light crease along the dotted or solid line. This will make the folds straight. Avoid making strong creases as this will cause the paper to tear.
- As an adhesive, white, wood glue is recommended. Avoid over-application as this will cause the paper to wrinkle.
- Before beginning assembly, test adhesive amounts on extra paper.
- Occasionally, white spots will be apparent on folds and cuts. Use a marker or pencil to fill in these spots. It is recommended that this be done after each stage of assembly because coloring becomes more difficult once parts are assembled.

■ Basic working method and markings

————— (Solid lines)

Fold along these lines. The printed surface should be on the outside of the folded shape.

- - - - - (Dotted lines)

Fold along these lines. The printed surface should be on the inside of the folded shape.

————— (Bold line)

Cut along these lines.

Please cut out parts marked with an asterisk. (*)

3 Assembly

Please refer to the "Basic working method and markings" symbol chart.
Once the parts are folded properly, begin gluing and insertion.

Instructions

4 The Finished Model

The finished model

What is "Halloween"?

Originally Halloween was a festival for the Celts in England and Ireland. They celebrated the abundant crops of Autumn on October 31st, the night before Halloween, as a ritual to calm the spirits and evict evil. Nowadays, this is famous all over the world as a children's festival. "Jack-o-lanterns" (hollowed out pumpkins with faces carved in them) are placed all around the houses as decorations. Children dress-up like witches, ghosts and other characters and knock on doors hoping to be "treated" to sweets and candy.
