Cut, score and fold as noted paying careful attention to areas marked with "Reverse side score" arrows.

Fold over and glue the center torch (See photo). Allow a brief drying period.

Cut away the corner edge space on the torch. At this point you may wish to color the back side of the torch cup black with a felt marker.

Bend the torch cup around to the back and glue its tab to the backside of the torch (See photo). Hold in place for at least 30 seconds.

Bend the front torch cup so that it appears symmetrical. Place and glue completed torches wherever necessary.

Be sure to edge your model with a black or grey felt.

(What is "Edging"? Please refer to the included "Beginners Guide" or visit www.worldworksgames.com for more resources and video tutorials.)
