# CASTLEWORKS ULTIMATE™

## L ADDER

complexity

LADDER

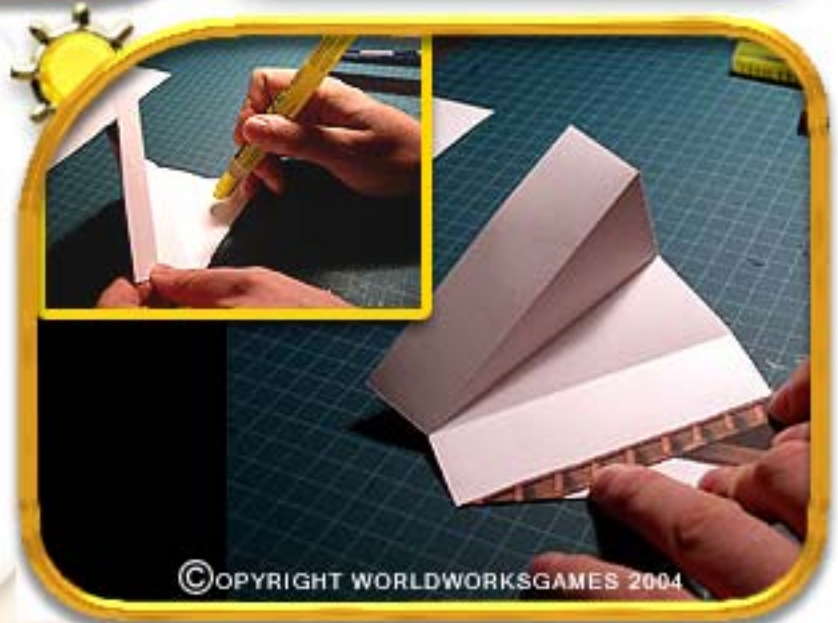

completion time

An essential item for reaching high spaces in tight areas. Works well with the catwalks, inside of towers and all areas fullblown stairs won't fit.

Cut, score and fold your model as shown.

Fold over and glue the side of the ladder as shown.

Apply a coat of glue to the entire back side of the the stair section, fold over and apply pressure.

Cut away the remaining white space.

Take a few seconds and "Edge" your models with a dark felt. The end result is worth the extra minimal effort!

What is "Edging"? Please refer to the included Beginners Guide for step-by-step instruction.

As a final detail step you may wish to cut out the dark areas between steps.
