MODEL TYPE:	FLAGS
DIFFICULTY:	1 out of 5
APPROX BUILD TIME:	Quick - 5 to 10 minutes <i>(Time may vary depending on skill level)</i>
DUPLICATIONS <i>(Suggested):</i>	4 to 8 copies <i>(optimal)</i>
EDGING COLOR:	Brown or Yellow felt for the pole, Red or Green for the flags <i>(What is "Edging"? Please refer to the included "Beginners Guide".)</i>

Nothing says a good time like festive flags. I recommend sparing use of these, they make the terrace units easier to knock over in the heat of battle.

STEP 1:

Cut and score as shown above. Apply glue to the inside of the flag itself and fold over, pressing tightly. Glue the long tab on the pole and fold the pole up. A dot of glue on the ends secures the end caps. While the glue is sticky bend the flag so it "waves". Trim away the black areas and edge to taste. Glue directly to the buildings.
