

## "Fireplace"

### Instructions

- Cutout and score where marked. Be careful to note the reverse side scoring on the brick backsplash section (the bit behind the fire).
- Glue the brick backsplash section to the interior fire walls.
- Glue the fire piece to the center of the semi circular backsplash floor.
- Glue the outer wall tab to the inside wall. Use a pencil to apply pressure to the tab
- Apply a bead of glue on the remaining top tab and insert into place. Apply light pressure along the edge for a secure bond.
