

Let's take a basket and go out to the fields and pick flowers! We'll spread out a pink carpet decorated with butterflies. The flowers in the flower beds are pretty. The flowers in the vase are, too. We filled the baskets with lots of pretty flowers!

Print out this pattern, cut out the pieces, and assemble as shown in the diagram. It may be easier to cut widely around each part first, then trim the parts carefully. Don't worry if you can't cut too closely around some of the fine details.
