

The train has arrived at the station! The area is bustling with passengers leaving the train, passengers boarding the train, busses, and taxis.

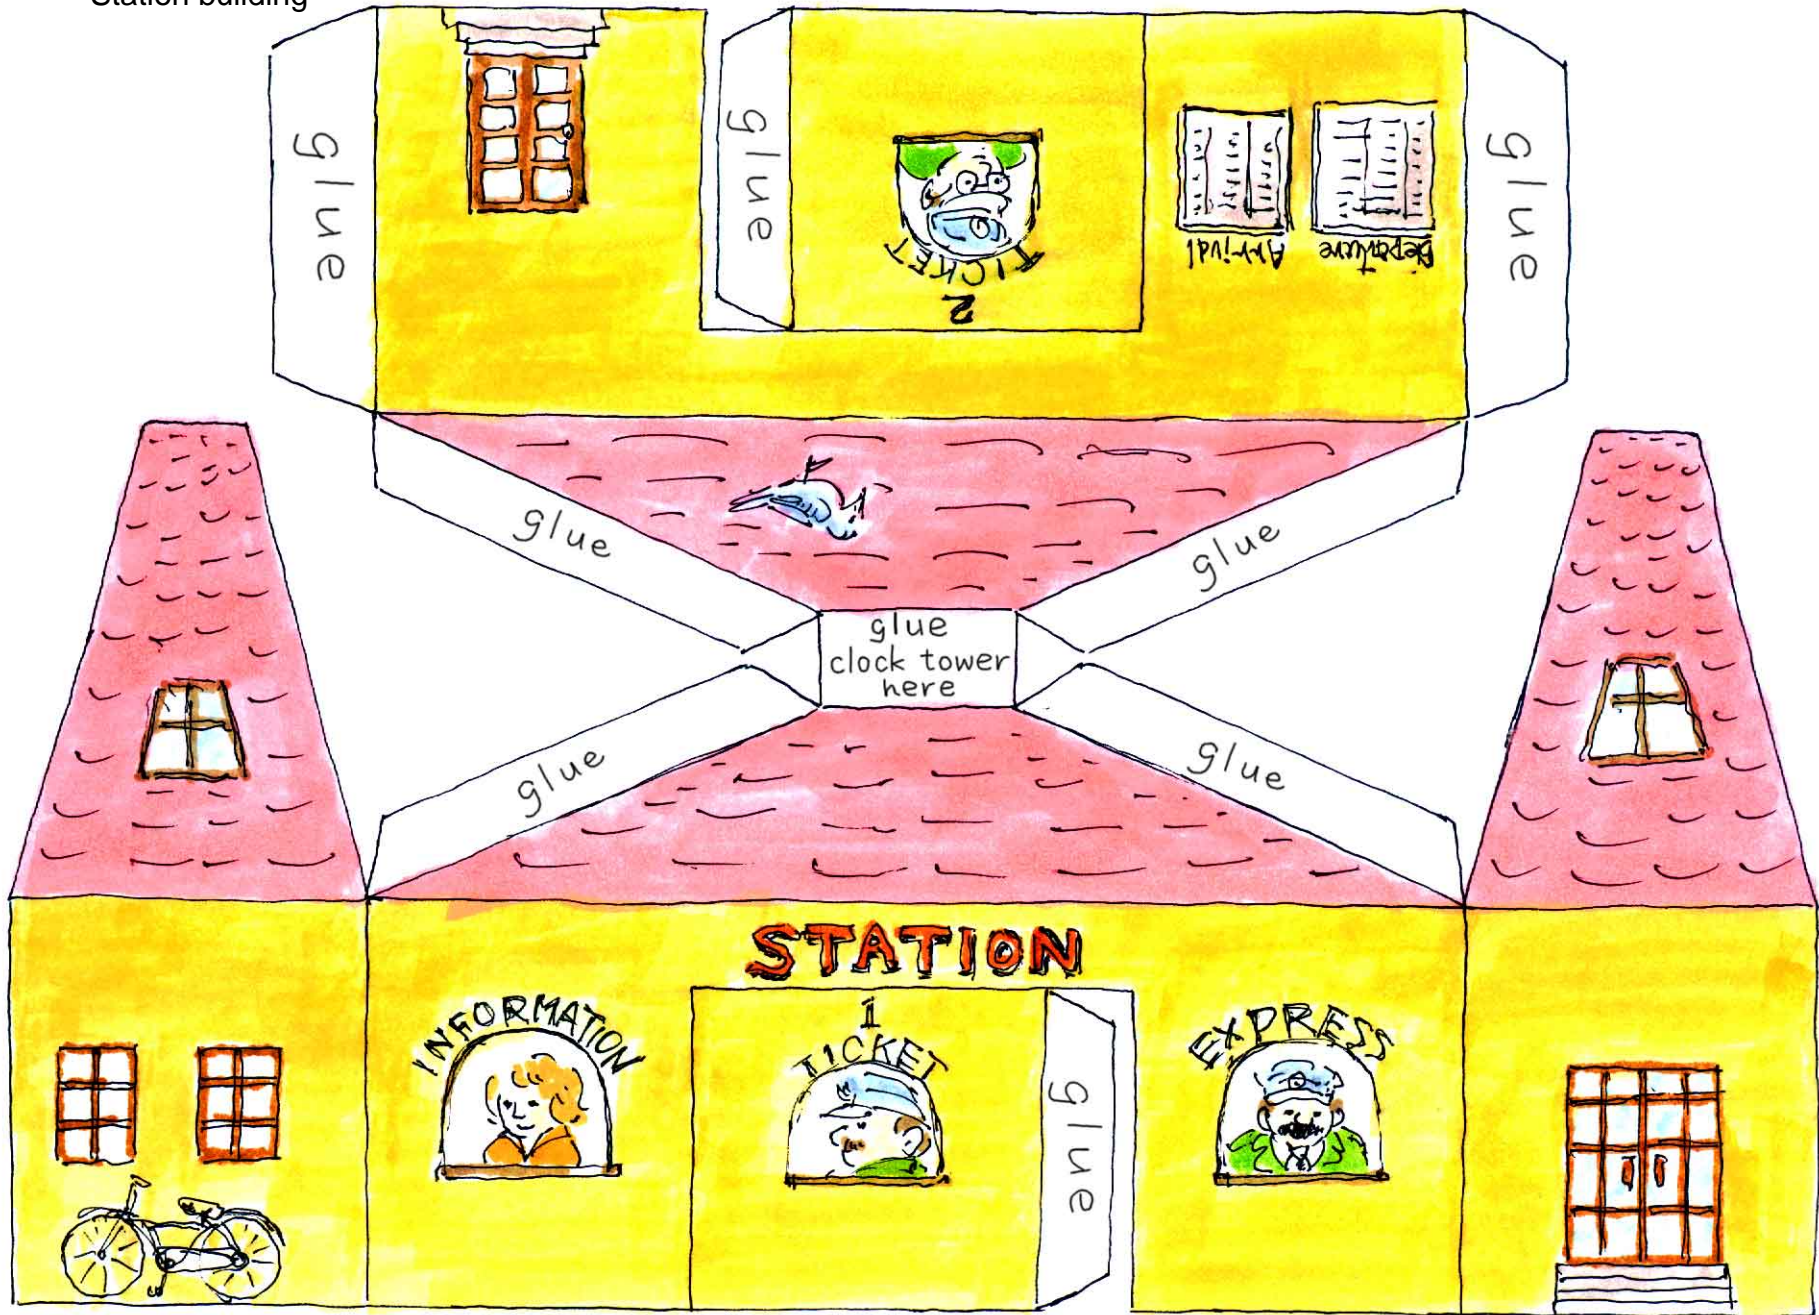

The family waiting on the bench is looking forward to an enjoyable trip on the express train.

Look, even a dog has come to await his master's return! The train station is always a busy place!

Print out this pattern, cut out the pieces, and assemble as shown in the diagram. It may be easier to cut widely each part, and then trim the parts carefully. Don't worry if you can't cut too closely around some of the fine details.
