

Canon World Papercraft Mini-book

Buildings of the World Series Turkey Trojan Horse

The giant wooden horse is brought inside the city walls by the Trojan army as a spoil of war, to be dedicated to the goddess of Troy... Late at night, the Greek soldiers hiding inside the giant horse come out, and Troy falls from the inside.

The Trojan Horse, made famous by the epic poem of the Iliad, has not actually been found. However, the existence of Troy was proven in 1873 by the diggings of the German explorer Heinrich Schliemann.

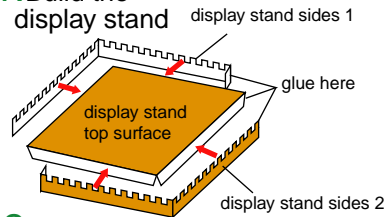

*Cut out the card above and save it. You can collect the cards from each of the Papercraft projects to make your own mini-book!

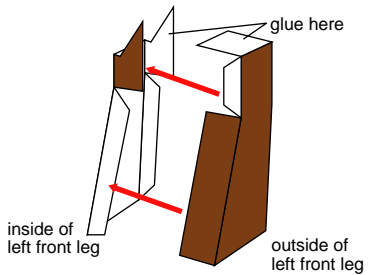

★Directions

Print out pages 1 through 4, cut out each individual part along their cut lines, and fold along the mountain and valley fold lines.

1. Build the display stand
