

# 3-D PAPER CRAFT

Canon Papercraft [Holidays&Seasons]

## Halloween/ Jack O' Lantern

On Halloween, it is said, the spirits of the dead return to wander the earth.

A Jack O' Lantern, one of the most common symbols of Halloween, is a lantern made from a pumpkin. Legend has it that a man named Jack was unkind to people and played tricks on the devil. After he died, he was unable to enter either heaven or hell, and was doomed to forever wander the dark roads of the earth with a lantern in his hand.

Jack O' Lanterns (from "Jack of the lantern") were originally made from turnips. Today, sturdy pumpkins are used instead.

\* This pumpkin is about 25 cm (10 inches) across.

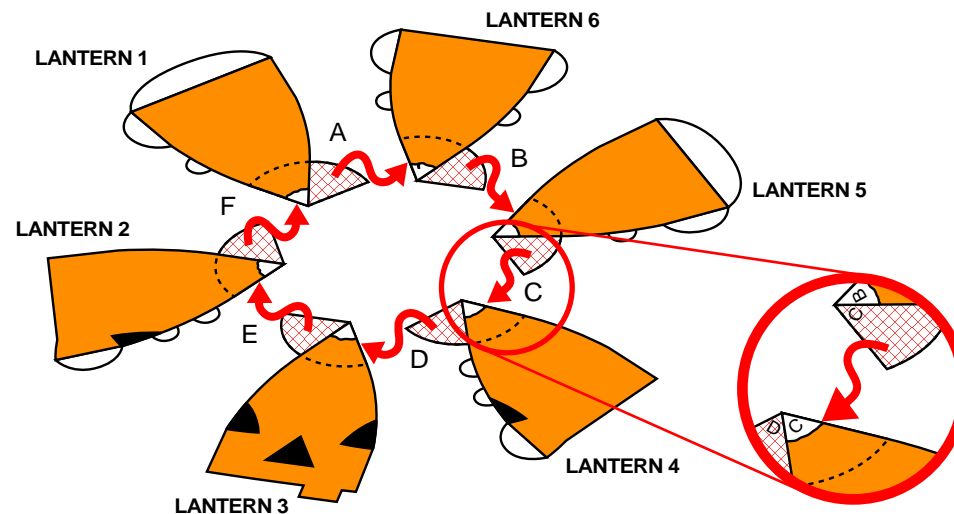

### Directions

#### 1 Build the upper part of the Jack O' Lantern

Align the letters A through F and glue together.

\*Do not glue number tabs here.

#### 2 Build the lower part of the Jack O' Lantern

Align the letters G through L and glue together.

\*Do not glue number tabs here.

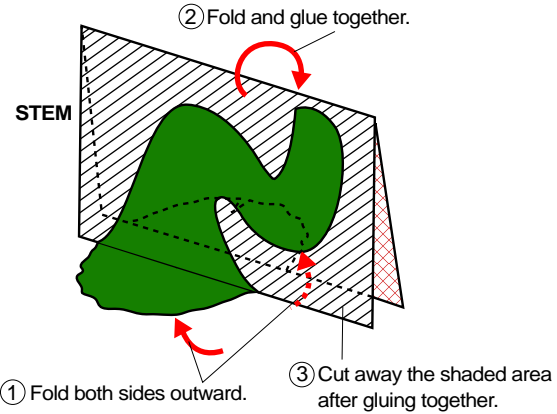

## Directions

### 3 Build the STEM

Glue

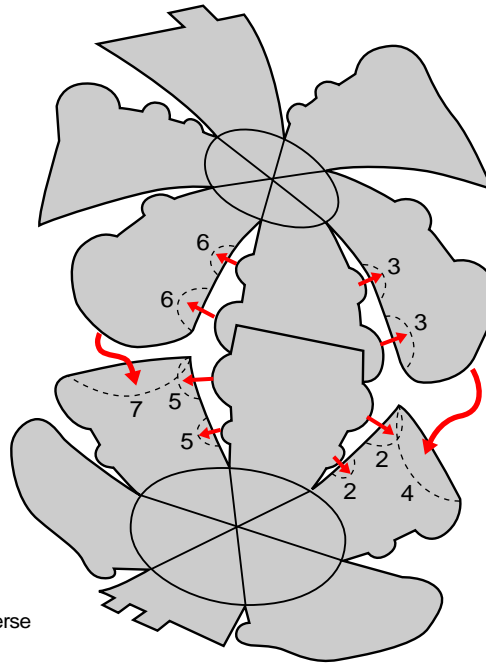

### 4 Glue the each parts together

Align the STEM to the pattern on the pumpkin shell and glue in place.

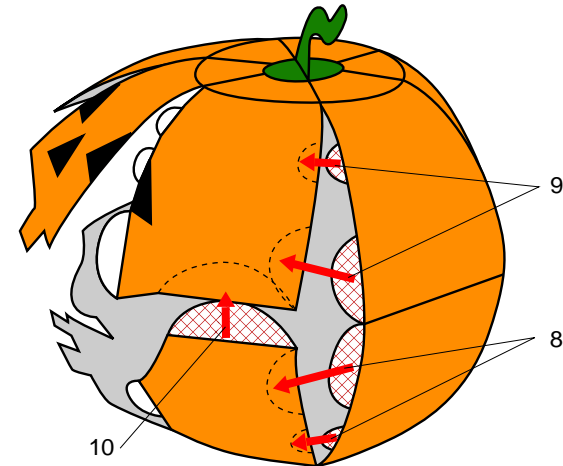

### 5 Build the back

Glue together in the order of the numbers on the tabs.

### 6 Build the sides

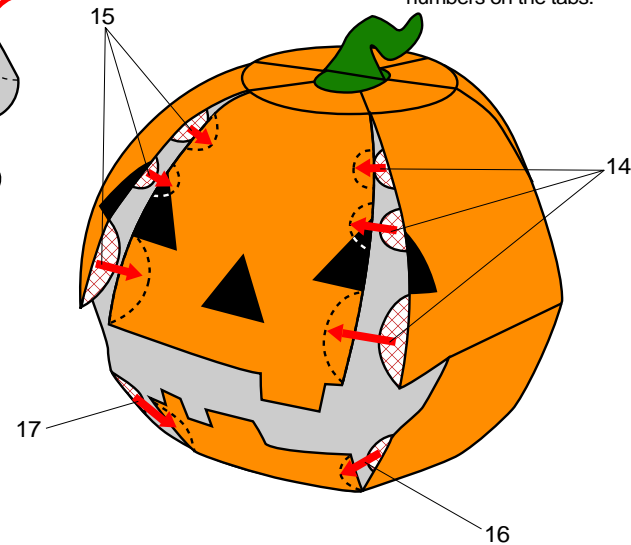

Glue together in the order of the numbers on the tabs.

\* Glue the other side in the same manner.

### 7 Build the front

Glue together in the order of the numbers on the tabs.

**WARNING**

Do not place a candle or light bulb inside this pumpkin.  
The flame of a candle and the heat of a light bulb could cause a fire.  
Adults must make sure that children understand and follow this warning.
