St. Patrick's Day: Shamrock Hat

St. Patrick, the patron saint of Ireland, was a Christian missionary in the fifth century A.D. It is said that he used a three-leaf shamrock (a type of clover) to explain the concept of the trinity of the Father, Son, and Holy Ghost.
The anniversary of his death, March 17, came to be celebrated as a holiday in Ireland. Today, people of Irish descent around the world celebrate the holiday by holding large parades, wearing hats in the color of the shamrock, Ireland's national flower.

Note: this hat is sized for an adult. To make a child-sized hat, print the pattern reduced to about 85%.
